MYnCoin Deployment Guide

Verified Deployment

Deployed on BNB Smart Chain using exact bytecode match to published GitHub hash.

- Chain: BSC Mainnet.

- Symbol: MYN | Decimals: 18

- Contract locked and renounced post final mint freeze.

Steps

1. Verify the contract. 2. Push source code and metadata. 3. Link MY™ web properties to explorer pages. 4. Notify aggregators (CoinMarketCap, CoinGecko).

MY™ — "It's about You."
